About the influence of the Pacific Coast of Tohoku Earthquake on NKS

Comment

1. About the influence of the Tohoku earthquakes on our production sites

NAGANO KEIKI CO.,LTD. today announced that all of our facilities and our group companies listed below are capable of producing under normal operation despite the influence of the Tohoku earthquake and its simultaneous North-Nagano earthquake.

<Nagano pref region>

- Ueda Measurement Instruments Factory
- Maruko Electronic Products Factory
- Nagano Hanyo Keiki Mfg. Co., Ltd.
- Nagano Keiso Co., Ltd.

<Tokyo pref region>

- Nagano Co.,Ltd.

2. About the operation of each sales office

We have confirmed that our sales offices other than the "Sendai office" are under normal operation as of 14th March 2011. We are maximizing our efforts by sharing the information of procured parts and logistics with our clients on an on-going basis to avoid any concerns that may occur by the disaster.
